

**Gleeds has over
120 years experience
in the property and
construction industry
and currently employs
over 1500 people in
48 offices across 5
continents – making
us one of the world's
leading management
and construction
consultants.**

With the background, resources and financial strength to undertake complex, multi-national contracts, Gleeds has a global reach and the wealth of experience to cover every client requirement. Our wide experience in virtually every sector means that our clients benefit from an extensive international office network, providing local knowledge and highly skilled and flexible professionals.

Some of our more recent high-profile East Midlands based projects include:

- Devonshire Campus, Buxton – Winner of RICS East Midlands Project of the Year 2006 Award
- The Pod, Nottingham
- Highfield Science Park, Nottingham
- Leicester Grammar School

We are sensitive to the culture and values of each country in which we operate and are conscious of our responsibility in the built environment. Committed to minimising any adverse impact on the environment, we believe in creating a sustainable future for all and have implemented a 'Grey to Green' scheme in our offices, encouraging staff members to work together and think of ways to reduce, reuse and recycle.

Forming part of our Corporate Responsibility programme, the Gleeds 'Y E S' campaign demonstrates our commitment to Youth, Education and Sport, providing assistance to projects and people working within these areas.

Our vision is to create a business that attracts the very best clients, projects and people in the industry.
